

CAPABILITIES STATEMENT

ABOUT MAGOTHY PAYMENTS

Established in 2014, Magothy Payments is Maryland's highest-rated merchant services provider. We help businesses and government entities become more profitable by lowering their cost of credit card acceptance and decreasing their time spent on payment reconciliation. Magothy Payments is also Maryland's only registered ISO that is an MDOT Certified MBE. Our commitment to transparency and fair business practices bore fruit in 2019 when Governor Hogan signed a bill into law that our Founder & CEO wrote in order to protect Maryland small businesses from the predators and bad apples in the merchant services industry.

Magothy Payments is an Elavon Payments Partner and Registered MSP/ISO of Elavon, Inc. Georgia

CORE COMPETENCIES
